I am no upstart of yesterday. My Melf-cines are a success—a great success. Louisville is not large enough for me to have a compenior. I monopolize the Wholesale Pateni Medicine Trale here. One and auother has tried, by copying after me here in Louisville, to compete with me, but, one after uno her, their guns have been silenced, and their efforts have been abortive. My Melicines are good and answer the purpose-that is the secret of my success. My reputation as a compounder of good, reliable articles is fully established. I believe my Buchu and Bromid of Potassium is the best article now in the market for the cure of all discuses of the uninary or genito-un inary organs, such as Noctornal Incontinence, irritability of the Bludde and Urethra, Indammation of the l'elvis

AGUE AND FEVER CHILLS AND FEVER, The proprietor of this celebrated medicine justly claims for it a superiority, ove all remedies ever offered to the public for the safe, certain, speedy, and permanent cure of Ague and, Yever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southwestern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been ufficient for a cure, and whole families have been cured by a single bottle, with perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long stanting cases. Usually, this medicine will not require any aid to keep the bowels in gool order; should the patient, however, require a cathartic medi-
